

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY  
FEDERAL ENERGY REGULATORY COMMISSION

Kinder Morgan Texas Pipeline LLC

Docket No. CP12-440-000

NOTICE OF APPLICATION

Take notice that on April 30, 2012, Kinder Morgan Texas Pipeline LLC (KMTP), 500 Dallas Street, Suite 1000, Houston, Texas 77002, filed in the above referenced docket an application pursuant to section 3 of the Natural Gas Act (NGA) and Part 153.16 (b) of the Commission's regulations, requesting authorization to amend its existing NGA section 3 authorization and Presidential Permit to increase the authorized design capacity of its border facilities at the United States-Mexico International Boundary line near Salineno, in Starr County, Texas from approximately 375 MMcf per day to 425 MMcf per day. The proposed amendment would allow KMTP to continue to provide Pemex-Gas Y Petroquimica Basica (Pemex) with increased gas supplies as Pemex finishes repairing a damaged pipeline in Mexico that has diminished its access to other natural gas supply sources and resulted in curtailments. KMTP proposes no construction or modification to its previously approved facilities. The filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (886) 208-3676 or TYY, (202) 502-8659.

Any questions concerning this application may be directed to Lee Baskin, Director, Regulatory, Kinder Morgan Texas Intrastate Pipeline Group, 500 Dallas Street, Suite 1000, Houston, TX 77002, by telephone at (713) 369-8810, by facsimile at (713) 495-4845, or by email at [lee\\_baskin@kindermorgan.com](mailto:lee_baskin@kindermorgan.com) or Melinda K. Winn, Assistant General Counsel, Kinder Morgan Energy Partners, L.P., One Allen Center, 500 Dallas Street, Suite 1000, Houston, TX 77002, by telephone at (713) 369-8780, by facsimile at (303) 984-3737, or by email at [Melinda\\_Winn@kindermorgan.com](mailto:Melinda_Winn@kindermorgan.com)

Pursuant to Section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding, or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones,

the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Motions to intervene, protests and comments may be filed electronically via the internet in lieu of paper; see, 18 CFR 385.2001(a) (1) (iii) and the instructions on the Commission's web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: May 9, 2012.

Dated: May 2, 2012

Kimberly D. Bose,  
Secretary.
